

Special Stages

11/12/2009

SS 1 - Feddet 1 - Start: 09:15:00 / rounds: 1 / total length 11 km / max time: 00:35:00

Start from the farm of Strandegaard. Follow the markings around the animal fence down a small crest to the beach . Watch out for see weed and slippery stones. (if there is high tide the track will be moved inland) The route continues trough flat terrain along the beach - crossing sandy parts. The track continues into the pinewoods where it becomes very narrow at places. Watch out for tree stubs in the grass and deep ruts from tractors. Also take care when the track crosses the tarmac road on a few occasions. And take care on the last few obstacle before the finish. Also watch out the whole way for cows - wildlife, dogs and spectators - remember that you are almost silent.

SS 2 - Feddet 2 - Start: 11:00:00 / rounds: 1 / total length 11 km / max time: 00:35:00

Same as SS1 Feddet 1

SS 3 - Faxe Kalk - Start: 14:30:00 / rounds: 5 / total length 11,5 km / max time: 00:35:00

Technical track that starts right at "Cinema og Geomuseum Kanten". A narrow path leads down into "Faxe Kalk" a huge limestone pit. Take care going down trough a narrow path with rails on both sides. After a short circle in the pit - the track continues up from the pit onto the tarmac trough the town centre back to the start. Watch out for obstacles on the town square. Keep an eye out for dogs and spectators.

SS 4 - Feddet 3 - Start: 18:30:00 / rounds: 1 / total length 11,5 km / max time: 00:35:00

Start from the farm of Strandegaard. Follow the markings around the animal fence down a small crest to the beach . Watch out for see weed and slippery stones. (if there is high tide the track will be moved inland) The route continues trough flat terrain along the beach - crossing sandy parts. The track continues into the pinewoods where it becomes very narrow at places. Watch out for tree stubs in the grass and deep ruts from tractors. Also take care when the track crosses the tarmac road on a few occasions. The route is 1,5 km. longer than SS1 and SS2. Again take care on the last few obstacle before the finish. Also watch out the whole way for cows - wildlife, dogs and spectators - remember that you are almost silent.

12/12/2009

SS 5 - Møn 1 - Start: 10:00:00 / rounds: 2 / total length 9 km / max time: 00:35:00

The start is at the farm buildings of "Klintholm Gods" After about 250 m the track goes into the forest. The route is very technical and narrow in hilly terrain with numerous climbs and decents between the trees. The route heads back to the farm and the start for one more round.

SS 6 - Møn 2 - Start: 12:00:00 / rounds: 2 / total length 9 km / max time: 00:35:00

Same as SS5 Møn 1

Special Stages

SS 7 - Feddet 4 - Start: 17:15:00 / rounds: 2 / total length 25 km / max time: 00:50:00

Start from the farm of Strandegaard. Follow the markings around the animal fence down a small crest to the beach . Watch out for see weed and slippery stones. (if there is high tide the track will be moved inland) The route continues trough flat terrain along the beach - crossing sandy parts. The track continues into the pinewoods where it becomes very narrow at places. Watch out for tree stubs in the grass and deep ruts from tractors. Also take care when the track crosses the tarmac road on a few occasions. The route is 2,5 km. longer than SS1 and SS2. After one round the rider changes battery and heads out on one more round. Again take care on the last few obstacle before the finish. Also watch out the whole way for cows - wildlife, dogs and spectators - remember that you are almost silent.

13/12/2009

Finale - Start: 12:15:00 / rounds: / total length km / max time:

The final is run on tarmac with obstacles. Take care since you are going to use the same tires as on the Enduro specials. The final is run after the rules described in the supplementary regulations
